Subject Index

A

Abdomen, neoplasms
ultrasonically guided percutaneous fine needle aspiration biopsy of solid masses, Phillips, G., Schneider, M., p. 33

Abscess, percutaneous drainage
non-surgical drainage of intra-abdominal and mediastinal abscesses: a report of twelve cases, Karlson, K.B., Martin, E.C., Fankuchen, E.I., Mattern, R.F., Cooperman, A.M., Rose, E.A., Gold, R.P., Casarella, W.J., p. 170

Adenopathy, biopsy
pitfalls in the diagnosis of extraadrenal pheochromocytoma, Kadir, S., Robertson, D., Coulam, C.M., p. 99
ultrasonically guided percutaneous fine needle aspiration biopsy of solid masses, Phillips, G., Schneider, M., p. 33

Anatomy, thoracic duct
See also Computed tomography
computed tomography of the thoracic duct: an anatomic study, Adler, O.B., Rosenberger, A., p. 224

Anatomy, vascular
See also Arteries
an anatomic consideration in angiography of the neck: replacement of part of the costocervical trunk to the inferior thyroid artery, Gold, R.P., 105
functional anatomy of extracranial arteries in occlusive vascular diseases by direct continuous wave Doppler sonography, Diener, H.C., Dichgans, J., Voigt, K., p. 193

Aneurysm, aortic
utility of computed tomography in the diagnosis of thoracic aneurysm in childhood, Skiöldebrand, C.G., Brasch, R.C., Lipton, M.J., p. 30

Aneurysm, carotid
carotid artery occlusion in the management of selected giant intracranial aneurysms and carotid cavernous fistula: percutaneous use of the balloon catheter, Kessler, L.A., Wholey, M.H., p. 187

Angiocardiography
congenital extracardiac shunts with tetralogy of Fallot, Liberthson, R.R., Miller, S.W., Drew, F., Palacios, I., Singh, J., p. 131

Angiocardiography, digital image
intravenous angiocardiography using digital image processing: experience with acial projections in normal pigs and in pigs with experimentally generated left-to-right shunts, Bogren, H.G., Bürsch, J.H., Brennecke, R., Radtke, W., Heintzen, P., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 268

Angiodysplasia
angiodysplasia of the right colon treated by embolization with Ivalon (Polyvinyl Alcohol), Tadavarthy, S.M., Castaneda-Zuniga, W., Zollikofer, C., Nemer, F., Barron, J., Amplatz, K., p. 39

Angiography
angiographic measurements of blood vessel calibers, Zamir, M, Sheinbaum, R., Potter, R., p. 221
direct measured systolic pressure gradients across the aorto-iliac segment in multiple-level-obstruction arteriosclerosis, Noer, I., Præstholm, J., Tønnesen, K.H., p. 73
double aortic arch associated with pulmonary sequestration, Tonkin, J.L.D., Allen, R.G., Riggs, W., Satterwhite, C., p. 264
pitfalls in the diagnosis of extraadrenal pheochromocytoma, Kadir, S., Robertson, D., Coulam, C.M., p. 99
retroperitoneal malignant fibrous histiocytoma: the angiographic and computed tomographic features of an unusual tumor, Lenkey, J.L., Bron, K.M., p. 56
the value of abdominal angiography in Turner's syndrome: a case report, Barreto, A., Castaneda-Zuniga, W.R., Velasquez, G., Zollikofer, C., Amplatz, K., p. 97

Angiography, abdominal
See also Angiomatosis
abdominal angiography with stereoscopic magnification, Takahashi, M., Ozawa, Y., p. 83

Angiography, complications
an anatomic consideration in angiography of the neck: replacement of part of the costocervical trunk to the inferior thyroid artery, Gold, R.P., p. 105

Angiography, digital substraction
digital subtraction fluoroscopy using two video processors in series, Gould, R.G., Lipton, M.J., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 269

Angiography, equipment
roll-film changer for whole-limb angiography: a trial production and its clinical application, Suzuki, S., Mine, H., p. 66

Angiography, indications
angiographic aspects of renal cell carcinoma metastic to the female genitalia, Stefani, P., Selli, C., Nicita, G., Turini, D., p. 183
leiomyosarcoma of the inferior vena cava: angiographic and computed tomography findings. Report of two cases and review of imaging criteria. Chauhan, M.A., Smith, P.L., Ferris, E.J., Murphy, K., Westbrook, K., Slayden, J.E., p. 209

Angiography, magnification
abdominal angiography with stereoscopic magnification, Takahashi, M., Ozawa, Y., p. 83

Angiography, stereoscopic
See Angiography, magnification

Angiography, technique
double aortic arch: an orifice projection using angled cineangiography, Stannard, M.W., p. 167
supplementary angiography when angiograms failed to demonstrate the vessels to the leg, Noer, I., Præstholm, J., Tønnesen, K.H., p. 77

Angiography, whole-limb
roll-film changer for whole-limb angiography: a trial production and its clinical application, Suzuki, S., Mine, H., p. 66

Angiology
Reinis, Z., Pokorný, J., Linhart, J., Hild, R., Schirger, A. (eds.), adaptability of vascular wall: proceedings to the Xth International Congress of Angiology – Prague 1978; reviewed by Zeitler, E., p. 218

Angiomatosis
the value of abdominal angiography in Turner's syndrome: a case report, Barreto, A., Castaneda-Zuniga, W.R., Velasquez, G., Zollikofer, C., Amplatz, K., p. 97

Angioplasty, percutaneous transluminal
nonsurgical treatment of Takayasu's disease, Castaneda-Zuniga, W.R., Formanek, A., Lillehei, R.C., Tadavarthy, M., Amplatz, K., p. 245
percutaneous transluminal angioplasty, dissection of iliac vessels, (comment), Cascade, P.N., p. 271
reply by Colapinto, R.F. [to percutaneous transluminal angioplasty, dissection of iliac vessels], p. 271
percutaneous transluminal angioplasty, iliac catheterization, (comment), Ring, E.J., p. 272
reply by Zeitler, E. (editor) [to percutaneous transluminal angioplasty, dissection and catheterization of iliac vessels], p. 272
radionuclide evaluation of renal artery dilatation, Born, M.L.,

Gerlock, A.J., Jr., Goncharenko, V., Hollifield, J.W., MacDonell, R.C., Jr., p. 177

Angled cineangiography
double aortic arch: an orifice projection using angled cineangiography, Stannard, M.W., p. 167

Aorta, abdominal
intraluminal calcification and occlusion of the abdominal aorta above the renal arteries, Charnsangavej, C., p. 242

Aorta, abnormalities
See also Heart, abnormalities
congenital subclavian steal associated with an unusual type of right aortic arch, Takahashi, M., Ohba, S., Hanai, H., Nishimura, Y., p. 136
double aortic arch: an orifice projection using angled cineangiography, Stannard, M.W., p. 167
right aortic arch with isolation of the left innominate artery, Harrington, D.P., Brennan, T., Varghese, J.P., p. 24

Aorta, occlusion
intraluminal calcification and occlusion of the abdominal aorta above the renal arteries, Charnsangavej, C., p. 242

Aortic arch, double
double aortic arch associated with pulmonary sequestration, Tonkin, I.L.D., Allen, R.G., Riggs, W., Satterwhite, C., p. 264

Aortic tortuosity
the roving aorta of Marfan's syndrome: a case report, Paling, M.R., Shawker, T.H., Peck, G.L., p. 249

Aortography
intralobar pulmonary sequestration: value of aortography and pulmonary arteriography, Ferris, E.J., Smith, P.L., Mirza, F.H., Fungan, W.T., Seibert, J.J., Kalderon, A., Jeminez, J.F., p. 17

Aortography, complications
acute fulminant pancreatitis following ventriculography, Chin, W.S., Ng, R., p. 108

Arteries, coronary
See Coronary arteries
supplementary angiography when angiograms failed to demonstrate the vessels to the leg, Noer, I., Præstholm, J., Tønnesen, K.H., p. 77

Arteries, extracranial
functional anatomy of extracranial arteries in occlusive vascular diseases by direct continuous wave Doppler sonography, Diener, H.C., Dichgans, J., Voigt, K., p. 193

Arteries, femoral
femoral artery catheterization and vessel tortuosity, Hessel, S.J., Sequeira, J.C., p. 80

Arteries, iliac
direct measured systolic pressure gradients across the aorto-iliac segment in multiple-level-obstruction arteriosclerosis, Noer, I., Præstholm, J., Tønnesen, K.H., p. 73
perigraft cavity, Jaques, P.F., Needell, G.S., Burnham, S.J., p. 251

Arteries, obstruction
direct measured systolic pressure gradients across the aorto-iliac segment in multiple-level-obstruction arteriosclerosis, Noer, I., Præstholm, J., Tønnesen, K.H., p. 73

Arteries, popliteal
the jogger's aneurysm: unusual presentation of popliteal artery trauma, Lundell, C., Kadir, S., p. 239

Arteries, pressure measurement
direct measured systolic pressure gradients across the aorto-iliac segment in multiple-level obstruction arteriosclerosis, Noer, I., Præstholm, J., Tønnesen, K.H., p. 73

Arteries, stenosis
functional anatomy of extracranial arteries in occlusive vascular diseases by direct continuous wave Doppler sonography, Diener, H.C., Dichgans, J., Voigt, K., p. 193

Arteries, subclavian
an anatomic consideration in angiography of the neck: replacement of part of the costocervical trunk to the inferior thyroid artery, Gold, R.P., p. 105

Arteries, therapeutic blockade
angiodysplasia of the right colon treated by embolization with Ivalon (Polyvinyl Alcohol), Tadavarthy, S.M., Castaneda-Zuniga, W., Zollikofer, C., Nemer, F., Barron, J., Amplatz, K., p. 39
carotid artery occlusion in the management of selected giant intracranial aneurysms and carotid cavernous fistula: percutaneous use of the balloon catheter, Kessler, L.A., Wholey, M.H., p. 187
infarction after embolization of the ileocolic artery, Gerlock, A.J., Jr., Muhletaler, C.A., Berger, J.L., Halter, S.A., O'Leary, J.P., Avant, G.R., p. 202
transcatheter obliteration of the renal artery by ethanol injection: experimental results, Ekelund, L., Jonsson, N., Treugut, H., p. 1

Arteriography
congenital subclavian steal associated with an unusual type of right aortic arch, Takahashi, M., Ohba, S., Hanai, H., Nishimura, Y., p. 136
femoral artery catheterization and vessel tortuosity, Hessel, S.J., Sequeira, J.C., p. 80

Arteriography, pulmonary
intralobar pulmonary sequestration: value of aortography and pulmonary arteriography, Ferris, E.J., Smith, P.L., Mirza, F.H., Fungan, W.T., Seibert, J.J., Kalderon, A., Jeminez, J.F., p. 17

Aspiration, fine needle
ultrasonically guided percutanous fine needle aspiration biopsy of solid masses, Phillips, G., Schneider, M., p. 33

Atherosclerosis
femoral artery catheterization and vessel tortuosity, Hessel, S.J., Sequeira, J.C., p. 80

Autotransplanted kidney
collateral blood supply to an autotransplanted kidney, Glanz, S., Kurella, H.P., Gordon, D.H., Butt, K., Kottmeier, P., p. 139

B

Balloon catheters
See also Catheters and catheterization, complications
complications secondary to thrombectomy with the Fogarty balloon catheter, Albrechtsson, U., Einarsson, E., Tylén, U., p. 14
superior mesenteric artery obstruction by intraaortic counterpulsation balloon simulating embolism: a case report, Karlson, K.B., Martin, E.C., Bregman, D., Fankuchen, E.I., Casarella, W.J., p. 236

Balloon dilatation
nonsurgical treatment of Takayasu's disease. Castaneda-Zuniga, W.R., Formanek, A., Lillehei, R.C., Tadavarthy, M., Amplatz, K., p. 245
radionuclide evaluation of renal artery dilatation, Born, M.L., Gerlock, A.J., Jr., Goncharenko, V., Hollifield, J.W., MacDonell, R.C., Jr., p. 177

Balloon occlusion, percutaneous
carotid artery occlusion management of selected giant intracranial aneurysms and carotid cavernous fistula: percutaneous use of the balloon catheter, Kessler, L.A., Wholey, M.H., p. 187

Basket technique, Burhenne
removal of large and small biliary duct stones, Tadavarthy, S.M., Klugmann, J., Castaneda-Zuniga, W.R., Laerum, F., Amplatz, K., p. 93

Biopsy, technique
ultrasonically guided percutaneous fine needle aspiration biopsy of solid masses, Phillips, G., Schneider, M., p. 33
Blood vessel constriction
angiographic measurements of blood vessel calibers, Zamir, M., Sheinbaum, R., Potter, R., p. 221
Bolus concentration, maximum
timing of exposure in angiographic computed tomography, Schad, N., Schepke, P., Rohde, U., Schepke, H., Schmid, V., Breit, A., p. 59
Bone neoplasms
the therapy of osteosarcoma by intraarterial cis-platinum and limb preservation, Chuang, V.P., Wallace, S., Benjamin, R.S., Jaffe, N., Ayala, A., Murray, J., Zornoza, J., Patt, Y., Mavligit, G., Charnsangavej, C., Soo, C.-S., p. 229
Book reviews
Feigenbaum, H., echocardiology, 3rd ed.; reviewed by Paulin, S., p. 273
Goldberg, S.J., Allen, H.D., Sahn, D.J., pediatric and adolescent echocardiology: a handbook; reviewed by Schad, N., p. 273
Gwinn, J.L., Stanley, P. (eds.), diagnosis imaging in pediatric trauma; reviewed by Zeitler, E., p. 219
Holman, B.L., computer-assisted cardiac nuclear medicine; reviewed by Berger, H.L., p. 218
Naggar, C.Z., Weinberg, S.L. (eds.), a self-teaching atlas of echocardiography; reviewed by Amplatz, K., p. 142
Pujadas, G., coronary angiography; reviewed by Zeitler, E., p. 71
Reinis, Z., Pokorný, J., Linhart, J., Hild, R., Schirger, A. (eds.), adaptability of vascular wall: proceedings of the Xth International Congress of Angiology – Prague 1978; reviewed by Zeitler, E., p. 218
Vogel, J.H.K. (ed.), advances in cardiology. vol. 27: concepts in clinical cardiology; reviewed by Schad, N., p. 142
Winsberg, F. (ed.), clinical ultrasound review; reviewed by Wynne, J., p. 273

C

Calcification
intraluminal calcification and occlusion of the abdominal aorta above the renal arteries, Charnsangavej, C., p. 242
Calcium ion
influence of arteriographic contrast media on the Na^+/Ca^{++}-ratio in blood, Wolpers, H.G., Baller, D., Ensink, F.B.M., Schröter, W., Zipfel, J., Hellige, G., p. 8
the influence of contrast media additives upon ventricular fibrillation thresholds during coronary angiography in ischemic and normal canine hearts, Wolf, G.L., Le Veen, R.F., Mulry, C., Kilzer, K., p. 145
Carcinoid
carcinoid APUDoma of the pancreas, Cholankeril, J.V., McHugh, W.J., Ketyer, S., Giardina, A.C., p. 51
Cardiac
See also Heart
Cardiac catheterization
right aortic arch with isolation of the left innominate artery, Harrington, D.P., Brennan, T., Varghese, J.P., p. 24
use of intracardiac nitroglycerin during cardiac catheterization, Gensini, G.G., Esente, P., Giambartolomei, A., Rajan, M.S., Mizuno, K., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 270
Cardiogenic shock
superior mesentric artery obstruction by intraaortic counterpulsation balloon simulating embolism: a case report, Karlson, K.B., Martin, E.C., Bregman, D., Fankuchen, E.J., Casarella, W.J., p. 236
Carney syndrome
pitfalls in the diagnosis of extraadrenal pheochromocytoma, Kadir, S., Robertson, D., Coulam, C.M., p. 99
Carotid-cavernous fistula
carotid artery occlusion management of selected giant intracranial aneurysms and carotid cavernous fistula: percutaneous use of the balloon catheter, Kessler, L.A., Wholey, M.H., p. 187
Catheters and catheterization
a complication following Kimray-Greenfield filter insertion, Leiter, B., Sequeira, J., Weitzman, A.F., Menzoian, J., p. 215
angiodysplasia of the right colon treated by embolization with Ivalon (Polyvinyl Alcohol), Tadavarthy, S.M., Castaneda-Zuniga, W., Zollikofer, C., Nemer, F., Barron, J., Amplatz, K., p. 39
carotid artery occlusion in the management of selected giant intracranial aneurysms and carotid cavernous fistula: percutaneous use of the balloon catheter, Kessler, L.A., Wholey, M.H., p. 187
femoral artery catheterization and vessel tortuosity, Hessel, S.J., Sequeira, J.C., p. 80
removal of large and small biliary duct stones, Tadavarthy, S.M., Klugman, J., Castaneda-Zuniga, W.R., Laerum, F., Amplatz, K., p. 93
transcatheter embolic control of iatrogenic hematobilia, Tegtmeyer, C.J., Bezirdjian, D.R., Ferguson, W.W., Hess, C.E., p. 88
Catheters and catheterization, complications
complications secondary to thrombectomy with the Fogarty balloon catheter, Albrechtsson, U., Einarsson, E., Tylén, U., p. 14
superior mesenteric artery obstruction by intraaortic counterpulsation balloon simulating embolism: a case report, Karlson, K.B., Martin, E.C., Bregman, D., Fankuchen, E.I., Casarella, W.J., p. 236
Chemotherapy, intraarterial
the therapy of osteosarcoma by intraarterial cis-platinum and limb preservation, Chuang, V.P., Wallace, S., Benjamin, R.S., Jaffe, N., Ayala, A., Murray, J., Zornoza, J., Patt, Y., Mavligit, G., Charnsangavej, C., Soo, C.-S., p. 229
Cis-platinum
See also Chemotherapy, intraarterial
Cisterna chyli
computed tomography of the thoracic duct: an anatomic study, Adler, O.B., Rosenberger, A., p. 224
Clinical cardiology
Vogel, J.H.K. (ed.), advances in cardiology. vol. 27: current concepts in clinical cardiology; reviewed by Schad, N., p. 142
Collateral blood supply
collateral blood supply to an autotransplanted kidney, Glanz, S., Kurella, H.P., Gordon, D.H., Butt, K., Kottmeier, P., p. 139
Collaterals, venous
See also Computed tomography
CT diagnosis of venous pseudotumors in the chest and abdomen, Wolverson, M.K., Patel, B., Sundaram, M., Heiberg, E., p. 151
Colon, hemorrhage
angiodysplasia of the right colon treated by embolization with Ivalon (Polyvinyl Alcohol), Tadavarthy, S.M., Castaneda-Zuniga, W., Zollikofer, C., Nemer, F., Barron, J., Amplatz, K., p. 39
Computed tomography
computed tomography of the thoracic duct: an anatomic study, Adler, O.B., Rosenberger, A., p. 224
CT diagnosis of venous pseudotumors in the chest and abdomen, Wolverson, M.K., Patel, B., Sundaram, M., Heiberg, E., p. 151
pitfalls in the diagnosis of extraadrenal pheochromocytoma, Kadir, S., Robertson, D., Coulam, C.M., p. 99

retroperitoneal malignant fibrous histiocytoma: the angiographic and computed tomographic features of an unusual tumor, Lenkey, J.L., Bron, K.M., p. 56
serial examinations of experimentally induced myocardial infarction by computed tomography, Carlsson, E., Palmer, R., Masuda, Y., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 269
utility of computed tomography in the diagnosis of thoracic aneurysm in childhood, Skiöldebrand, C.G., Brasch, R.C., Lipton, M.J., p. 30

Computed tomography, abdomen
See also Computed tomography, contrast enhancement

Computed tomography, contrast enhancement
timing of exposure in angiographic computed tomography, Schad, N., Schepke, P., Rohde, U., Schepke, H., Schmid, V., Breit, A., p. 59

Computed tomography, heart
timing of exposure in angiographic computed tomography, Schad, N., Schepke, P., Rohde, U., Schepke, H., Schmid, V., Breit, A., p. 59

Computed tomography, indications
leiomysarcoma of the inferior vena cava: angiographic and computed tomography findings – report of two cases and review of imaging criteria, Chauhan, M.A., Smith, P.L., Ferris, E.J., Murphy, K., Westbrook, K., Slayden, J.E., p. 209

Computed tomography, mediastinum
utility of computed tomography in the diagnosis of thoracic aneurysm in childhood, Skiöldebrand, C.G., Brasch, R.C., Lipton, M.J., p. 30

Computed tomography, pulmonary
diagnosis of peripheral pulmonary emboli by computed tomography in the living dog, Ovenfors, C.-O., Godwin, J.D., Brito, A.C., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 270

Computed tomography, serial examination
serial examination of experimentally induced myocardial infarction by computed tomography, Carlsson, E., Palmer, R., Masuda, Y., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 269

Congenital absence of pulmonary valve
congenital absence of the pulmonary valve, Dee, P.M., Hubbell, M.M., Jr., Rheuban, K.S., Tompkins, D.G., Carpenter, M.A., p. 158

Congenital aortic coarctation
intraluminal calcification and occlusion of the abdominal aorta above the renal arteries, Charnsangavej, C., p. 242

Congenital malformation
double aortic arch associated with pulmonary sequestration, Tonkin, J.L.D., Allen, R.G., Riggs, W., Satterwhite, C., p. 264

Contrast media
influence of arteriographic contrast media on the Na^+/Ca^{++}-ratio in blood, Wolpers, H.G., Baller, D., Ensink, F.B.M., Schröter, W., Zipfel, J., Hellige, G., p. 8

Contrast media, additives
the influence of contrast media additives upon ventricular fibrillation thresholds during coronary angiography in ischemic and normal canine hearts, Wolf, G.L., Le Veen, R.F., Mulry, C., Kilzer, K., p. 145

Contrast media, complications
acute fulminant pancreatitis following ventriculography, Chin, W.S., Ng, R., p. 108

Contrast media, effects
effects of intracoronary administration of contrast materials on left ventricular function in the presence of severe coronary artery stenosis, Green, C.E., Higgins, C.B., Kelley, M.J., Newell, J.D., Schmidt, W.S., Haigler, F., p. 110

Coronary angiography
anomalous origin of the right coronary artery from the pulmonary artery, Glanz, S., Gordon, D.H., Mesko, Z., Griepp, R., p. 256
effects of intracoronary administration of contrast materials on left ventricular function in the presence of severe coronary artery stenosis, Green, C.E., Higgins, C.B., Kelley, M.J., Newell, J.D., Schmidt, W.S., Haigler, F., p. 110
Pujadas, G., coronary angiography; reviewed by Zeitler, E., p. 71
the influence of contrast media additives upon ventricular fibrillation thresholds during coronary angiography in ischemic and normal canine hearts, Wolf, G.L., Le Veen, R.F., Mulry, C., Kilzer, K., p. 145

Coronary arteries
"complete-transposition-like" coronary arterial pattern in single ventricle with inverted infundibulum and transposition of the great arteries, Schneeweiss, A., Deutsch, V., Blieden, L.C., Shem-Tov, A., Neufeld, H.N., p. 148

Coronary arteries, abnormalities
See also Heart abnormalities
anomalous origin of the right coronary artery from the pulmonary artery, Glanz, S., Gordon, D.H., Mesko, Z., Griepp, R., p. 256

Coronary arteries, anatomical variations
unusual intercoronary artery communication: a case report, Hines, B.A., Brandt, P.W.T., Agnew, T.M., p. 259

Coronary arteriography
influence of arteriographic contrast media on the Na^+/Ca^{++}-ratio in blood, Wolpers, H.G., Baller, D., Ensink, F.B.M., Schröter, W., Zipfel, J., Hellige, G., p. 8

Coronary artery spasm
use of intracardiac nitroglycerin during cardiac catheterization, Gensini, G.G., Esente, P., Giambartolomei, A., Rajan, M.S., Mizuno, K., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 271

Coronary vessels, stenosis
effects of intracoronary administration of contrast materials on left ventricular function in the presence of severe coronary artery stenosis, Green, C.E., Higgins, C.B., Kelley, M.J., Newell, J.D., Schmidt, W.S., Haigler, F., p. 110

D

Diagnostic imaging
Gwinn, J.L., Stanley, P. (eds.), diagnostic imaging in pediatric trauma; reviewed by Zeitler, E., p. 219

Diagnostic imaging, cardiac
the dynamic spatial reconstructor – a status report, Ritman, E.L., Kinsey, J.H., Robb, R.A., Smith, H.C., Wood, E.H., Harris, L.D., Gilbert, B.K., (abstract from the Scientific Meeting of the North American Society for Cardiac Radiology), p. 268
the present status of nuclear magnetic resonance imaging and its potential contribution to cardiac diagnosis, Lauterbur, P.C., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 268

Digital image processing
intravenous angiocardiography using digital image processing: experience with axial projections in normal pigs and in pigs with experimentally generated left-to-right shunts, Bogren, H.G., Bürsch, J.H., Brennecke, R., Radtke, W., Heintzen, P., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 268

Digital substraction fluoroscopy
digital substraction fluoroscopy using two video processors in series, Gould, R.G., Lipton, M.J., (abstract from Scientific Meeting of the North American Scoiety for Cardiac Radiology), p. 269

Doppler sonography
functional anatomy of extracranial arteries in occlusive vascular diseases by direct continuous wave Doppler sonography, Diener, H.C., Dichgans, J., Voigt, K., p. 193
Dormia baskets
removal of large and small biliary duct stones, Tadavarthy, S.M., Klugmann, J., Castaneda-Zuniga, W.R., Laerum, F., Amplatz, K., p. 93

E

Echocardiology
Feigenbaum, H., echocardiography, 3rd ed.; reviewed by Paulin, S., p. 273
Naggar, C.Z., Weinberg, S.L. (eds.), a self-teaching atlas of echocardiography; reviewed by Amplatz, K., p. 142
Echocardiology, pediatric and adolescent
Goldberg, S.J., Allen, H.D., Sahn, D.J., pediatric and adolescent echocardiology: a handbook; reviewed by Schad, N., p. 273
Electrolyte measurements
influence of arteriographic contrast media on the Na^+/Ca^{++}-ratio in blood, Wolpers, H.G., Baller, D., Ensink, F.B.M., Schröter, W., Zipfel, J., Hellige, G., p. 8
Embolization, therapeutic
infarction after embolization of the ileocolic artery, Gerlock, A.J., Jr., Muhletaler, C.A., Berger, J.L., Halter, S.A., O'Leary, J.P., Avant, G.R., p. 202
transcatheter embolic control of iatrogenic hematobilia, Tegtmeyer, C.J., Bezirdjian, D.R., Ferguson, W.W., Hess, C.E., p. 88
Ethanol
transcatheter obliteration of the renal artery by ethanol injection: experimental results, Ekelund, L., Jonsson, N., Treugut, H., p. 1
Extraadrenal pheochromocytomas
pitfalls in the diagnosis of extraadrenal pheochromocytoma, Kadir, S., Robertson, D., Coulam, C.M., p. 99

F

Fallot's tetralogy
congenitcal absence of the pulmonary valve, Dee, P.M., Hubbell, M.M., Jr., Rheuban, K.S., Tompkins, D.G., Carpenter, M.A., p. 158
Fibromuscular dysplasia
nonsurgical treatment of Takayasu's disease, Castaneda-Zuniga, W.R., Formanek, A., Lillehei, R.C., Tadavarthy, M., Amplatz, K., p. 245
Fibrous histiocytoma, malignant
retroperitoneal malignant fibrous histiocytoma: the angiographic and computed tomographic features of an unusual tumor, Lenkey, J.L., Bron, K.M., p. 56
Filters, venae caval
a complication following Kimray-Greenfield filter insertion, Leiter, B., Sequeira, J., Weitzman, A.F., Menzoian, J., p. 215
Fluorescein
angiographic measurements of blood vessel calibers, Zamir, M., Sheinbaum, R., Potter, R., p. 221
Fluorescein photograph
angiographic measurement of blood vessel calibers, Zamir, M., Sheinbaum, R., Potter, R., p. 221
Fogarty catheter
complications secondary to thrombectomy with the Fogarty balloon catheter, Albrechtson, U., Einarsson, E., p. 14

G

Gallbladder, calculi
removal of large and small biliary duct stones, Tavadarthy, S.M., Klugman, J., Castaneda-Zuniga, W.R., Laerum, F., Amplatz, K., p. 93
Gastrointestinal tract, hemorrhage
infarction after embolization of the ileocolic artery, Gerlock, A.J., Jr., Muhletaler, C.A., Berger, J.L., Halter, S.A., O'Leary, J.P., Avant, G.R., p. 202
Grafts, vascular
perigraft cavity, Jaques, P.F., Needell, G.S., Burnham, S.J., p. 251

H

Heart, abnormalities
See also Aorta abnormalities and Coronary abnormalities
accessory mitral valve tissue causing left ventricular outflow tract obstruction in D-transposition of the great arteries, Martin, E.C., LaCorte, M.A., Steeg, C.N., Bowman, F.O., Jr., p. 124
congenital absence of the pulmonary valve, Dee, P.M., Hubbell, M.M., Jr., Rheuban, K.S., Tompkins, D.G., Carpenter, M.A., p. 158
right aortic arch with isolation of the left innominate artery, Harrington, D.P., Brennan, T., Varghese, J.P., p. 24
superior vena cava obstruction: complication of pulmonary artery ectasia in levo-transposition of the great arteries, Crowley, D.C., Rosenthal, A., p. 27
Heart, calcification
massive calcification of the mitral annulus in a 17-year-old patient with juvenile rheumatoid arthritis and systemic lupus erythematosis, Rodan, B.A., Chen, J.T.T., Merten, D.F., Ravin, C.E., p. 128
Heart, radionuclide studies
a fully automated determination of the left ventricular region of interest in nuclear angiocardiography, Goris, M.L., McKillop, J.H., Briandet, P.A., p. 117
Heart, ventricles
a fully automated determination of the left ventricular region of interest in nuclear angiocardiography, Goris, M.L., McKillop, J.H., Briandet, P.A., p. 117
superior vena cava obstruction: complication of pulmonary artery ectasia in levo-transposition of the great arteries, Crowley, D.C., Rosenthal, A., p. 27
Hematobilia
arterial embolization for traumatic hemobilia with hepato-portal fistula, Shenoy, S.S., Bergsland, J., Cerra, F.B., p. 206
transcatheter embolic control of iatrogenic hematobilia, Tegtmeyer, C.J., Bezirdjian, D.R., Ferguson, W.W., Hess, C.E., p. 88
Hematuria
left renal venous hypertension in association with the nutcracker phenomenon, Sacks, B.A., Gomori, J., Lerner, M., Masters, R., DeWolf, W., p. 253
Hepatic abscess
non-surgical drainage of intra-abdominal and mediastinal abscesses: a report of twelve cases, Karlson, K.B., Martin, E.C., Fankuchen, E.I., Mattern, R.F., Cooperman, A.M., Rose, E.A., Gold, R.P., Casarella, W.J., p. 170
Hodgkin's disease
computed tomography of the thoracic duct: an anatomy study, Adler, O.B., Rosenberger, A., p. 224
Hormones
carcinoid APUDoma of the pancreas, Cholankeril, J.V., McHugh, W.J., Ketyer, S., Giardina, A.C., p. 51
Hypertension
pitfalls in the diagnosis of extraadrenal pheochromocytoma, Kadir, S., Robertson, D., Coulam, C.M., p. 99
Hypertension, portal vein
CT diagnosis of venous pseudotumors in the chest and abdomen, Wolverson, M.K., Patel, B., Sundaram, M., Heiberg, E., p. 151

Hypertension, renal
left renal venous hypertension in association with the nutcracker phenomenon, Sacks, B.A., Gomori, J., Lerner, M., Masters, R., DeWolf, W., p. 253
radionuclide evaluation of renal artery dilatation, Born, M.L., Gerlock, A.J., Jr., Goncharenko, V., Hollifield, J.W., MacDonnell, R.C., Jr., p.177

I

Iatrogenic complication
transcatheter embolic control of iatrogenic hematobilia, Tegtmeyer, C.J., Bezirdjian, D.R., Ferguson, W.W., Hess, C.E., p. 88
Infection, pulmonary
intralobar pulmonary sequestration: value of aortography and pulmonary arteriography, Ferris, E.J., Smith, P.L., Mirza, F.H., Fungan, W.T., Seibert, J.J., Kalderon, A., Jeminez, J.F., p. 17
Innominate artery, isolated
right aortic arch with isolation of the left innominate artery, Harrington, D.P., Brennan, T. and Varghese, J.P., p. 24
Inotropic effects of contrast media
effects of intracoronary administration of contrast materials on left ventricular function in the presence of severe coronary artery stenosis, Green, C.E., Higgins, C.B., Kelley, M.J., Newell, J.D., Schmidt, W.S., Haigler, F., p. 110
Interventional radiology
non-surgical drainage of intra-abdominal and mediastinal abscesses: a report of twelve cases, Karlson, K.B., Martin, E.C., Fankuchen, E.I., Mattern, R.F., Cooperman, A.M., Rose, E.A., Gold, R.P., Casarella, W.J., p. 170
Interventional techniques
interventional techniques in congenital heart disease, Fellows, K.E., (abstract from the Scientific Meeting of the North American Society for Cardiac Radiology), p. 269
Intraaortic counterpulsation
superior mesenteric artery obstruction by intraaortic counterpulsation balloon simulating embolism: a case report, Karlson, K.B., Martin, E.C., Bregman, D., Fankuchen, E.J., Casarella, W.J., p. 236
Intra-arterial pressure measurements
supplementary angiography when lumbar angiograms failed to demonstrate the vessels to the leg, Noer, I., Præstholm, J., Tønnesen, K.H., p. 77
Intracardiac nitroglycerin
use of intracardiac nitroglycerin during cardiac catheterization. Gensini, G.G., Esente, P., Giambartolomei, A., Rajan, M.S., Mizuno, K., (abstract from the Scientific Meeting of the North American Scoiety for Cardiac Radiology), p. 271
Ischemia
the influence of contrast media additives upon ventricular fibrillation thresholds during coronary angiography in ischemic and normal canine hearts. Wolf, G.L., Le Veen, R.F., Mulry, C., Kilzer, K., p. 145
Islet cell tumor
carcinoid APUDoma of the pancreas, Cholankeril, J.V., McHugh, W.J., Keyter, S., Giardina, A.C., p. 51
Ivalon
angiodysplasia of the right colon treated by embolization with Ivalon (Polyvinyl Alcohol), Tadavarthy, S.M., Castaneda-Zuniga, W., Zollikofer, C., Nemer, F., Barron, J., Amplatz, K., p. 39

K

Kidney, biopsy
ultrasonically guided percutaneous fine needle aspiration biopsy of solid masses, Phillips, G., Schneider, M., p. 33
Kidneys, blood supply
collateral blood supply to an autotransplanted kidney, Glanz, S., Kurella, H.P., Gordon, D.H., Butt, K., Kottmeier, P., p. 139
Kidneys, surgery
See Kidneys, blood supply
Kimray-Greenfield filter
a complication following Kimray-Greenfield filter insertion, Leiter, B., Sequeira, J., Weitzman, A.F., Menzoian, J., p. 215

L

Leg, ischemia
direct measured systolic pressure gradients across the aorto-iliac segment in multiple-level-obstruction arteriosclerosis, Noer, I., Præstholm, J., Tønnesen, K.H., p. 73
Leiomyosarcoma
leiomyosarcoma of the inferior vena cava: angiographic and computed tomography findings. Report of two cases and review of imaging criteria, Chauhan, M.A., Smith, P.L., Ferris, E.J., Murphy, K., Westbrook, K., Slayden, J.E., p. 209
Limb salvage procedure
the therapy of osteosarcoma by intraarterial cis-platinum and limb preservation, Chuaag, V.P., Wallace, S., Benjamin, R.S., Jaffe, N., Ayala, A., Murray, J., Zornoza, J., Patt, Y., Mavligit, G., Charnsangavej, C., Soo, C.-S., p. 229
Liver, biopsy
transcatheter embolic control of iatrogenic hematobilia, Tegtmeyer, C.J., Bezirdjian, D.R., Ferguson, W.W., Hess, C.E., p. 88
ultrasonically guided percutaneous fine needle aspiration biopsy of solid masses, Phillips, G., Schneider, M., p. 33
Liver injuries
transcatheter embolic control of iatrogenic hematobilia, Tegtmeyer, C.J., Bezirdjian, D.R., Ferguson, W.W., Hess, C.E., p. 88
Liver, trauma
arterial embolization for traumatic hemobilia with hepato-portal fistula, Shenoy, S.S., Bergsland, J., Cerra, F.B., p. 206
Lymphocele
perigraft cavity, Jaques P.F., Needell, G.S., Burnham, S.J., p. 251

M

Marfan's syndrome, complications
the roving aorta of Marfan's syndrome: a case report, Paling, M.R., Shawker, T.H., Peck, G.L., p. 249
Mitral annulus, calcification
massive calcification of the mitral annulus in a 17-year-old patient with juvenile rheumatoid arthritis and systemic lupus erythematosis, Rodan, B.A., Chen, J.T.T., Merten, D.F., Ravin, C.E., p. 128
Mitral valve
accessory mitral valve tissue causing left ventricular outflow tract obstruction in D-transposition of the great arteries, Martin, E.C., LaCorte, M.A., Steeg, C.N., Bowman, F.O., Jr., p. 124
Myocardial infarction
preliminary report on intracoronary streptokinase infusion during early myocardial infarction, Markis, J.E., Als, A.V., Aroesty, J.M., Malagold, M., Paulin, S., (abstract from the Scientific Meeting of the North American Society for Cardiac Radiology), p. 269
serial examination of experimentally induced myocardial infarction by computed tomography, Carlsson, E., Palmer, R., Masuda, Y., (abstract from the Scientific Meeting of the North American Society for Cardiac Radiology), p. 269

Myocardium, contraction
effects of intracoronary administration of contrast materials on left ventricular function in the presence of severe coronary artery stenosis, Green, C.E., Higgins, C.B., Kelley, M.J., Newell, J.D., Schmidt, W.S., Haigler, F., p. 110

N

Nuclear magnetic resonance
the present status of nuclear magnetic resonance imaging and its potential contributions to cardiac diagnosis, Lauterbur, P.C., (abstract from the Scientific Meeting of the North American Society for Cardiac Radiology), p. 268
Nuclear medicine
a fully automated determination of the left ventricular region of interest in nuclear angiocardiography, Goris, M.L., McKillop, J.H., Briandet, P.A., p. 117
Holman, B.L., computer-assisted cardiac nuclear medicine; reviewed by Berger, H.L., p. 218
Nutcracker phenomenon
left renal venous hypertension in association with the nutcracker phenomenon, Sacks, B.A., Gomori, J., Lerner, M., Masters, R., DeWolf, W., p. 253

O

Osmolality of contrast media
influence of arteriographic contrast media on the Na^+/Ca^{++}-ratio in blood, Wolpers, H.G., Baller, D., Ensink, F.B.M., Schröter, W., Zipfel, J., Hellige, G., p. 8
Osteosarcoma
the therapy of osteosarcoma by intraarterial cis-platinum and limb preservation, Chuang, V.P., Wallace, S., Benjamin, R.S., Jaffe, N., Ayala, A., Murray, J., Zornoza, J., Patt, Y., Mavligit, G., Charnsangavej, C., Soo, C.-S., p. 229
Ovary, metastases
angiographic aspects of renal cell carcinoma metastic to the female genitalia, Stefani, P., Selli, C., Nicita, G., Turini, D., p. 183

P

Pancreas, biopsy
ultrasonically guided percutaneous fine needle aspiration biopsy of solid masses, Phillips, G., Schneider, M., p. 33
Pancreas, neoplasms
carcinoid APUDoma of the pancreas, Cholankeril, J.V., McHugh, W.J., Ketyer, S., Giardina, A.C., p. 51
Pancreatic abscess
non-surgical drainage of intra-abdominal and mediastinal abscesses: a report of twelve cases, Karlson, K.B., Martin, E.C., Fankuchen, E.I., Mattern, R.F., Cooperman, A.M., Rose, E.A., Gold, R.P., Casarella, W.J., p. 170
Pancreatitis
acute fulminant pancreatitis following ventriculography, Chin, W.S., Ng, R., p. 108
Paraaortic pheochromocytoma
pitfalls in the diagnosis of extraadrenal pheochromocytoma, Kadir, S., Robertson, D., Coulam, C.M., p. 99
Parathyroid angiography
an anatomic consideration in angiography of the neck: replacement of part of the costocervical trunk to the inferior thyroid artery, Gold, R.P., p. 105
Pediatric mediastinal masses
utility of computed tomography in the diagnosis of thoracic aneurysm in childhood, Skiöldebrand, C.G., Brasch, R.C., Lipton, M.J., p. 30
Percutaneous removal of stones
removal of large and small biliary duct stones, Tadavarthy, S.M., Klugmann, J., Castaneda-Zuniga, W.R., Laerum, F., Amplatz, K., p. 93
Percutaneous transhepatic cholangiography
transcatheter embolic control of introgenic hematobilia, Tegtmeyer, C.J., Bezirdjian, D.R., Ferguson, W.W., Hess, C.E., p. 88
Percutaneous transluminal angioplasty
Nonsurgical treatment of Takayasu's disease, Castaneda-Zuniga, W.R., Formanek, A., Lillehei, R.C., Tadavarthy, M., Amplatz, K., p. 245
Perigraft infection
perigraft cavity, Jaques, P.F., Needell, G.S., Burnham, S.J., p. 251
Peripheral run-off arteries
supplementary angiography when lumbar angiograms failed to demonstrate the vessels to the leg, Noer, I., Præstholm, J., Tønnesen, K.H., p. 77
Pheochromocytoma
pitfalls in the diagnosis of extraadrenal pheochromocytoma, Kadir, S., Robertson, D., Coulam, C.M., p. 99
Popliteal artery entrapment syndrome
the jogger's aneurysm: unusual presentation of popliteal artery trauma, Ludell, C., Kadir, S., p. 239
Portal vein, hypertension
CT diagnosis of venous pseudotumors in the chest and abdomen, Wolverson, M.K., Patel, B., Sundaram, M., Heiberg, E., p. 151
Pressure measurement
nonsurgical treatment of Takayasu's disease, Castaneda-Zuniga, W.R., Formanek, A., Lillehei, R.C., Tadavarthy, M., Amplatz, K., p. 245
Pseudoaneurysm, popliteal artery
the jogger's aneurysm: unusual presentation of popliteal artery trauma, Lundell, C., Kadir, S., p. 239
Pseudotumor
CT diagnosis of venous pseudotumors in the chest and abdomen, Wolverson, M.K., Patel, B., Sundaram, M., Heiberg, E., p. 151
Pulmonary arteries, abnormalities
anomalous origin of the right coronary artery from the pulmonary artery, Glanz, S., Gordon, D.H., Mesko, Z., Griepp, R., p. 256
intralobar pulmonary sequestration: value of aortography and pulmonary arteriography, Ferris, E.J., Smith, P.L., Mirza, F.H., Fungan, W.T., Seibert, J.J., Kalderon, A., Jeminez, J.F., p. 17
Pulmonary artery hypertension
superior vena cava obstruction: complication of pulmonary artery ectasia in levo-transposition of the great arteries, Crowley, D.C., Rosenthal, A., p. 27
Pulmonary emboli
diagnosis of peripheral pulmonary emboli by computed tomography in the living dog, Ovenfors, C.O., Godwin, J.D., Brito, A.C., (abstract from the Scientific Meeting of the North American Society for Cardiac Radiology), p. 270
Pulmonary sequestration
double aortic arch associated with pulmonary sequestration, Tonkin, I.L.D., Allen, R.G., Riggs, W., Satterwhite, C., p. 264
Pulmonary valve, abnormalities
congenital absence of the pulmonary valve, Dee, P.M., Hubbell, M.M., Jr., Rheuban, K.S., Tompkins, D.G., Carpenter, M.A., p. 158

R

Radionuclide imaging
radionuclide evaluation of renal artery dilatation, Born, M.L.,

Gerlock, A.J., Jr., Goncharenko, V., Hollifield, J.W., Mac Donell, R.C., Jr., p. 177

Renal arteries, stenosis
collateral blood supply to an autotransplanted kidney, Glanz, S., Kurella, H.P., Gordon, D.H., Butt, K., Kottmeier, P., p. 139
nonsurgical treatment of Takayasu's disease, Castaneda-Zuniga, W.R., Formanek, A., Lillehei, R.C., Tadavarthy, M., Amplatz, K., p. 245
radionuclide evaluation of renal artery dilatation, Born, M.L., Gerlock, A.J., Jr., Goncharenko, V., Hollifield, J.W., Mac Donell, R.C., Jr., p. 177

Renal arteries, therapeutic blockade
transcatheter obliteration of the renal artery by ethanol injection: experimental results, Ekelund, L., Jonsson, N., Treugut, H., p. 1

Renal cell carcinoma
angiographic aspects of renal cell carcinoma metastic to the female genitalia, Stefani, P., Selli, C., Nicita, G., Turini, D., p. 183
retroperitoneal malignant fibrous histocytoma: the angiographic and computed tomographic features of an unusual tumor, Lenkey, J.L., Bron, K.M., p. 56

Renal veins, anomalies
left renal venous hypertension in association with the nutcracker phenomenon, Sacks, B.A., Gomori, J., Lerner, M., Masters, R., DeWolf, W., p. 253

Renal venography
left renal venous hypertension in association with the nutcracker phenomenon, Sacks, B.A., Gomori, J., Lerner, M., Masters, R., DeWolf, W., p. 253

Retina vessels
angiographic measurements of blood vessels calibers, Zamir, M., Sheinbaum, R., Potter, R., p. 221

Retroperitoneum
retroperitoneal malignant fibrous histiocytoma: the angiographic and computed tomographic features of an unusual tumor, Lenkey, J.L., Bron, K.M., p. 56

Retroperitoneum, biopsy
ultrasonically guided percutaneous fine needle aspiration biopsy of solid masses, Phillips, G., Schneider, M., p. 33

Rheumatoid cardiac disease
massive calcification of the mitral annulus in a 17-year-old patient with juvenile rheumatoid arthritis and systemic lupus erythematosis, Rodan, B.A., Chen, J.T.T., Merten, D.F., Ravin, C.E., p. 128

Right arch
double aortic arch: an orifice projection using angled cineangiography, Stannard, M.W., p. 167

S

Sclerosis, therapeutic
transcatheter obliteration of the renal artery by ethanol injection: experimental results, Ekelund, L., Jonsson, N., Treugut, H., p. 1

Sequestration
intralobar pulmonary sequestration: value of aortography and pulmonary arteriography, Ferris, E.J., Smith, P.L., Mirza, F.H., Fungan, W.T., Seibert, J.J., Kalderon, A., Jeminez, J.F., p. 17

Serial CT volume measurements
serial examination of experimentally induced myocardial infarction by computed tomography, Carlsson, E., Palmer, R., Masuda, Y., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 269

Sinography
See also Grafts, vascular

Sodium/meglumine diatrizoate
the influence of contrast media additives upon ventricular fibrillation thresholds during coronary angiography in ischemic and normal canine hearts, Wolf, G.L., Le Veen, R.F., Mulry, C., Kilzer, K., p. 145

Streptokinase, infusion of
preliminary report on intracoronary streptokinase infusion during early myocardial infarction, Markis, J.E., Als, A.V., Aroesty, J.M., Malagold, M., Paulin, S., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 269

Subclavian steal
congenital subclavian steal associated with an unusual type of right aortic arch, Takahashi, M., Ohba, S., Hanai, H., Nishimura, Y., p. 136

Subphrenic abscess
See also Abscess, percutaneous drainage

Superior mesentric artery
superior mesentric artery obstruction by intraaortic counterpulsation balloon simulating embolism: a case report, Karlson, K.B., Martin, E.C., Bregman, D., Fankuchen, E.I., Casarella W.J., p. 236

T

Takayasu's aortitis
intraluminal calcification and occlusion of the abdominal aorta above the renal arteries.
Charnsangavej, C., p. 242

Takayasu's arteritis
nonsurgical treatment of Takayasu's disease, Castaneda-Zuniga, W.R., Formanek, A., Lillehei, R.C., Tadavarthy, M., Amplatz, K., p. 245

Teleangiectasia
the value of abdominal angiography in Turner's syndrome: a case report, Barreto, A., Castaneda-Zuniga, W.R., Velasquez, G., Zollikofer, C., Amplatz, K., p. 97

Tetralogy of Fallot
congenital extracardiac shunts with tetralogy of Fallot, Liberthson, R.R., Miller, S.W., Drew, F., Palacios, I., Singh, J., p. 131

Therapeutic catheter technique
interventional techniques in congenital heart disease, Fellows, K.E., (abstract from Scientific Meeting of the North American Society for Cardiac Radiology), p. 269

Thoracic duct
computed tomography of the thoracic duct: an anatomic study, Adler, O.B., Rosenberger, A., p. 224

Thrombosis, vascular
complications secondary to thrombectomy with the Fogarty balloon catheter, Albrechtsson, U., Einarsson, E., Tylén, U., p. 14

Thrombosis, venous
femoral vein pressure measurements for evaluation of venous function in patients with postthrombotic iliac veins, Albrechtsson, U., Einarsson, E., Eklöf, B., p. 43

Thrombotic occlusion
intraluminal calcification and occlusion of the abdominal aorta above the renal arteries, Charnsangavej, C., p. 242

Transposition of great arteries
accessory mitral valve tissue causing left ventricular outflow tract obstruction in D-transposition of the great arteries, Martin, E.C., LaCorte, M.A., Steeg, C.N., Bowman, F.O., Jr., p. 124
"complete-transposition-like" coronary arterial pattern in single ventricle with inverted infundibulum and transposition of the great arteries, Schneeweiss, A., Deutsch, V., Blieden, L.C., Shem-Tov, A., Neufeld, H.N., p. 148

Tumor vascularity
the therapy of osteosarcoma by intraarterial cis-platinum and limb preservation, Chuang, V.P., Wallace, S., Benjamin, R.S., Jaffe, N., Ayala, A., Murray, J., Zornoza, J., Patt, Y., Mavligit, G., Charnsangavej, C., Soo, C.-S., p. 229
Turner's syndrome
the value of abdominal angiography in Turner's syndrome: a case report, Barreto, A., Castaneda-Zuniga, W.R., Velasquez, G., Zollikofer, C., Amplatz, K., p. 97

U

Ultrasonic fragmentation
removal of large and small biliary duct stones, Tadavarthy, S.M., Klugmann, J., Castaneda-Zuniga, W.R., Laerum, F., Amplatz, K., p. 93
Ultrasonography
carcinoid APUDoma of the pancreas, Cholankeril, J.V., McHugh, W.J., Keyter, S., Giardina, A.C., p. 51
Ultrasound, clinical
Winsberg, F. (ed.), clinical ultrasound review; reviewed by Wynne, J., p. 273
Ultrasound, diagnostic
the roving aorta of Marfan's syndrome: a case report, Paling, M.R., Shawker, T.H., Peck, G.L., p. 249
Ultrasound, Doppler studies
functional anatomy of extracranial arteries in occlusive vascular diseases by direct continuous wave Doppler sonography, Diener, H.C., Dichgans, J., Voigt, K., p. 193
supplementary angiography when angiograms failed to demonstrate the vessels to the leg, Noer, I., Prræstholm, J., Tønnesen, K.H., p. 77
the jogger's aneurysm: unusual presentation of popliteal artery trauma, Lundell, C., Kadir, S., p. 239
Ultrasound-guided aspiration
ultrasonically guided percutaneous fine needle aspiration biopsy of solid masses, Phillips G., Schneider, M., p. 33
Ultrasound, vascular
the roving aorta of Marfan's syndrome: a case report, Paling, M.R., Shawker, T.H., Peck, G.L., p. 249
Ureter, carcinoma of
abdominal angiography with stereoscopic magnification, Takahashi, M., Ozawa, Y., p. 83

V

Vagina, metastases
angiographic aspects of renal cell carcinoma metastic to the female genitalia, Stefani, P., Selli, C., Nicita, G., Turini, D., p. 183
Vascular bypass grafting
perigraft cavity, Jaques, P.F., Needell, G.S., Burnham, S.J., p. 251
Vascular rings
double aortic arch: an orifice projection using angled cineangiography, Stannard, M.W., p. 167
Veins, femoral
femoral vein pressure measurements for evaluation of venous function in patients with postthrombotic iliac veins, Albrechtsson, U., Einarsson, E., Eklöf, B., p. 43
Veins, iliac
femoral vein pressure measurements for evaluation of venous function in patients with postthrombotic iliac veins, Albrechtsson, U., Einarsson, E., Eklöf, B., p. 43
Venae cavae, neoplasms
leiomyosarcoma of the inferior vena cava: angiographic and computed tomography findings – report of two cases and review of imaging criteria, Chauhan, M.A., Smith, P.L., Ferris, E.J., Murphy, K., Westbrook, K., Slayden, J.E., p. 209
Venae cavae, obstruction
CT diagnosis of venous pseudotumors in the chest and abdomen, Wolverson, M.K., Patel, B., Sundaram, M., Heiberg, E., p. 151
superior vena cava obstruction: complication of pulmonary artery ectasia in levo-transposition of the great arteries, Crowley, D.C., Rosenthal, A., p. 27
Venae cavae, thrombosis
a complication following Kimray-Greenfield filter insertion, Leiter, B., Sequeira, J., Weitzman, A.F., Menzoian, J., p. 215
Venography
femoral vein pressure measurements for evaluation of venous function in patients with postthrombotic iliac veins, Albrechtsson, U., Einarsson, E., Eklöf, B., p. 43
roll-film changer for whole-limb angiography: a trial production and its clinical application, Suzuki, S., Mine, H., p. 66
Ventricles
"complete-transposition-like" coronary arterial pattern in single ventricle with inverted infundibulum and transposition of the great arteries, Schneeweiss, A., Deutsch, V., Blieden, L.C., Shem-Tov, A., Neufeld, H.N., p. 148
Ventricular fibrillation
the influence of contrast media additives upon ventricular fibrillation thresholds during coronary angiography in ischemic and normal canine hearts, Wolf, G.L., Le Veen, R.F., Mulry, C., Kilzer, K., p. 145
Ventricular septal defect
accessory mitral valve tissue causing left ventricular outflow tract obstruction in D-transposition of the great arteries, Martin, E.C., LaCorte, M.A., Steeg, C.N., Bowman, F.O., Jr., p. 124
Ventriculography, complications
acute fulminant pancreatitis following ventriculography, Chin, W.S., Ng, R., p. 108
Vessel calibers
angiographic measurements of blood vessel calibers, Zamir, M., Sheinbaum, R., Potter, R., p. 221
Vessel tortuosity
femoral artery catheterization and vessel tortuosity, Hessel, S.J., Sequeira, J.C., p. 80

W

Wilms' tumor
collateral blood supply to an autotransplanted kidney, Glanz, S., Kurella, H.P., Gordon, D.H., Butt, K., Kottmeier, P., p. 139
